## EU Type Examination Certificate

Date: 2022/01/18

n. **925220301/OE**

Validity: 2027/01/17

Size range: MEN's sizes: from S to 6XL

Technical File: **DC-14280**

Test report: **RCT n° 4042601.01/E**

Functions and performance levels: The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities.

This PPE item has reached the following performance:

**Class A(\*)**: Class A garments offer a minimum necessary degree of protection from impact and abrasion and are expected to have the least ergonomic and weight penalties.

(\*) The Standard provides different classes of protection for garments including protectors/shells: AAA (highest class), AA (middle class) and A (lowest class); class B is for garments not including protectors / shells = just abrasion protection; class C is for impact protector ensemble garments.

NOTES: the protection provided also depends on the correct fit of the garment; the CE-Certified incorporated impact protectors provide strengthened protection and must be kept in their place: this falls within the responsibility of the user.

Marking: printed on stitched labels displaying the following information:

- **CE Marking**;
- name, trademark, address and website of the Manufacturer;
- item designation;
- pictogram to indicate the intended use (motorcycling), class of protection achieved, nr./year of the reference Standard;
- pictogram instructing to read the User Manual;
- size indication;
- care/washing symbols and instructions, "Made in...", order number.
