DESIGN

THE INTERCOM TO CONNECT PILOT AND PASSENGER

Description

Interphone Shape is the perfect mix between a cool design and a high performance intercom. Shape allows drivers to communicate with their passengers without interfering with helmet style. Shape is compatible with all types of helmet and allows to receive calls, follow the directions of the Bluetooth® connection navigator to safely reach any destination. With an autonomy of over 12 hours, you will always count on its energy. Interphone Shape is easy-to-use but complete of all the features, perfect in any weather condition. Available in black with shiny details.
